Medical Insurance

1. **Call or check your medical insurance plan** and ask if they will pay for the hospital and anesthesia fees that could be incurred with your child's dental surgery. For **outpatient procedures**, be sure to mention your child's age.
2. Find out which hospital your insurance plans will allow you to go to. Our doctors are on staff at North Kansas City Hospital and Children's Mercy Hospitals.
3. If your medical insurance company requires a **letter of medical necessity**, we will need the following information, in order to complete this form.
 - To whose attention and department should the letter be sent to
 - The address, fax number, and email address (if provided) to send the letter to
 - Telephone number to follow up on the letter
 - Do they want the letter attached to the medical bills?
 - Also ask if a **Precertification or Preauthorization form** is needed for the hospital. If so, please get the name, phone number, email address (if provided) of who we need to contact
4. Once you have this information, please contact our office, so we can either set a surgery date or proceed with the letters and authorizations.

If you have any questions regarding your insurance plan, coverage, or preauthorization required for Dentistry For Children to provide Dental Services, please contact your insurance plan.

For questions about the Dental Services offered by Dentistry For Children, please call (816) 548-3400.
